

## Declaration of Compliance

Description	Material	Article Number
<i>Napkins, Duniletto, Slipcovers and Banq. Reels made from Airlaid</i>	<i>Dunilin and Dunisoft</i>	<b>211081</b>

Duni declares that the article meets the requirements of:

- Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27th October 2004 concerning materials and articles intended to come into contact with food and for cancellation of Directives 80/590/EEC and 89/109/EEC
- Commission regulation (EC) No 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food
- Foodstuffs, Consumer Goods and Animal Feed Code (Foodstuffs and Animal Feed Code" - LFGB)
- Recommendation No. XXXVI. for papers, packages and paperboards for the contact with foodstuffs of German Federal Institute of Risk Assessment (BfR) (regarding the evaluation of compliance with Article 3 of Regulation (EC) No. 1935/2004)
- Order No. 681 of May 25 (2020) from Danish Ministry of Environment and Food on ban of per- and polyfluoroalkyl substances (PFAS) in paper and cardboard food contact materials.
- Suitability for the contact with foodstuffs of organic materials made of vegetable fibre that are intended for the contact with foodstuffs of the French General Directorate of competition, consumer goods and Fraud control
- Swiss Ordinance No. 817.023.21 on Materials and Articles in contact with Food from 23rd November 2005 (Swiss Consumer Goods Ordinance)

### Field of Application

All products described in this document can safely come into contact with all kinds of food. Overall migration has been performed with Tenax simulant corresponding to short term contact (2 hours at 70 °C). However, due to the nature of fiber materials, it is not recommended to use the products made from this material for keeping very moist food since strength will be lost.

The material should not be used for heating food in a microwave oven

### Environmental aspect

The packaging complies with essential requirements as defined by 94/62/EC. Extractable heavy metals have been tested in accordance with DIN EN ISO 17294-2017-01.
