Specifications

Stainless Steel 18/0 | Bakelite handle

Compliant to the requirements set out in Art. 3 of Commission Regulation (EU) No. 1935/2004 of 27. October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC, the material(s) used in these products are chosen for their technical quality as well as purity suitable for contact with foodstuffs. Current amended version with 2019/1381 (20 June 2019) is included.

The products listed above are manufactured pursuant to the requirements outlined in European legislation regarding labelling and traceability.

EU Commission:

In accordance with EU Commission Regulation no. 1935/2004 this product is intended for food contact. Therefore it can be marked with the "glass & fork" symbol either on the packaging or through labelling.

Products are manufactured according to EU Commission Regulation no. 2023/2006 on good manufacturing practices for materials and articles intended to come into contact with food (GMP).

Specific migration of metals. These products are tested to comply with the requirements of the German Food, Articles of Daily Use and Feed Code of September 1, 2005 (LFGB), Section 30 and 31 concerning food safety of metals and metallic coatings.
